JARCO

USA / Japan

Limited Warranty
Terms And Conditions

Warranty Preface:

It is JARCO's belief that value of a warranty is not in what's written, but how it is handled. Our actions in handling a claim are why our customer's continue to rely on our products and service. If a component of our's fails, we feel that is our chance to show our true colors and separate ourselves from our competition.

A. JARCO, Inc. warrants that every used engine sold by JARCO, Inc. will be in a serviceable condition, having regard to the nature of used engine, for the duration of time after the date of sale according to the following applications.

1. Passenger Cars, Trucks and Vans Used for Personal Transportation.....12mo./ 12k Miles
2. Passenger Cars, Trucks and Vans Used for Commercial Purpose.....12mo./ 12k Miles
3. Transmissions.....12mo./12k Miles
4. Engines Used or designed for Racing or Competitive Purposes.....No Warranty

B. ITEMS AND CONDITIONS COVERED BY THE LIMITED

1. All internal engine parts including: pistons, piston rings, piston pins, crankshaft and main bearings, connecting rods and rod bearings, camshaft and camshaft bearings, timing chain and timing gears, intake and exhaust valves, valve springs, guides, oil pump, push rods, rocker arms and shafts. The engine block, cylinder walls and cylinder head are also warranted to be free of cracks or distortion.
2. This Limited Warranty will cover the cost of replacing a defective component at a rate NOT exceeding the lesser of dealership internal and customer pay labor rates. Multiplied by the component Manufacturer's warranty replacement time schedule for the defective component only.
3. JARCO, Inc. reserves the right to repair with rebuilt or serviceable used parts, or exchange the engine at its own discretion and determination.

C. ITEMS NOT COVERED:

-All external parts attached to the engines, e.g., intake and exhaust manifolds, carburetors, distributor, starter, flywheel, clutch and pressure plate, water pump, thermostat, belts, hoses, etc.

D. THIS LIMITED WARRANTY DOES NOT COVER:

1. Any damage caused by abuse, neglect, accident or natural
2. perils.
3. Loss caused by the engine or transmission being improperly installed.
4. Rental Charges or Loss Incurred as a result of a Valid
5. Warranty Claim Procedure.
6. Towing charges and/or freight or delivery charges.
7. Damage to a component resulting from injestion of debris or material from prior engine or transmission failure.
8. Loss caused by overheating, unless the overheating condition was a direct result of the failure of an internal part of the engine. Heat tabs are installed on every engine. If the center of tab is melted or removed, the warranty is void. The warranty does not cover oil leaks, blown head gasket or any other engine damage due to over heating caused by poor water circulation, clogged radiator, stuck thermostat, faulty water pump, fan clutch, electric fan(s) or vehicle circuitry that inhibits effective cooling or fluid circulation within or through covered component.

Limited Warranty
Terms And Conditions (continued)

7. Damage to a component resulting from neglect on behalf of an installer to properly install, fill, and road test a component completely before delivery to end user.
8. Decrease in performance of any covered part due to normal wear and tear (unless actual breakdown occurs), having regard to inherent manufacturing faults in some engine
9. models.
10. Loss caused by any modification or use of the engine for which it was not originally designed.
11. The engine if it is used for competitive driving or racing.
12. Loss caused by the failure of a part or parts of the engine that are not covered by this limited warranty.
13. Tune-ups and adjustments, filters, hoses, belts, lubricants, coolants, emission devices, spark plugs, tune-up parts, etc.
14. Deterioration or pre-ignition damage.

E. LIMITATION OF DURATION

Repairs or exchanges will not extend this limited warranty beyond the described term on this form (Item A), or specified warranty period appearing on Invoice.

F. DISCLAIMER 1.

This limited warranty is in lieu of any and all other expressed warranties of JARCO, Inc. Any warranty implied is limited to the duration of this limited warranty. JARCO, Inc. does not assume or authorize any person assume on its behalf any other obligation of liability. Some states do not allow limitations on how long an implied warranty lasts, so the preceding information (Disclaimer 1) may not apply to you.

G. DISCLAIMER 2.

JARCO, Inc. will not be responsible for incidental or consequential damages arising from loss of use, loss of time, inconvenience, or commercial loss, or any other consequential damage or loss. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the preceding information (Disclaimer 2) may not apply to you.

H. WARRANTY CLAIM PROCEDURE

1. Call or write JARCO, Inc. stating the invoice number, the date of purchase, type of engine or transmission and application, and the nature of the problem.
2. No claim will be considered without prior authorization from JARCO, Inc. to proceed with repairs. Present all necessary invoices, receipts, or proofs of expenditure. No warranty without invoice!

IMPORTANT:

1. Title to goods does not pass to buyer until funds are collected and cashed by JARCO, Inc. All collection costs will be the responsibility of the buyer.
2. FAILURE TO CONDUCT THE FOLLOWING MAINTENANCE REQUIREMENTS VOIDS THE WARRANTY:
   a. Must be installed, maintained, or adjusted by a qualified technician.
   b. Set ignition timing to exact specification as recommended by component manufacturer.
   c. Change oil after 3,000 miles , and then every 3,000 miles thereafter. (Valid Receipt Required).
   d. Check cooling system and service if rusted or contaminated with oil and replace coolant.

Engines and Transmissions

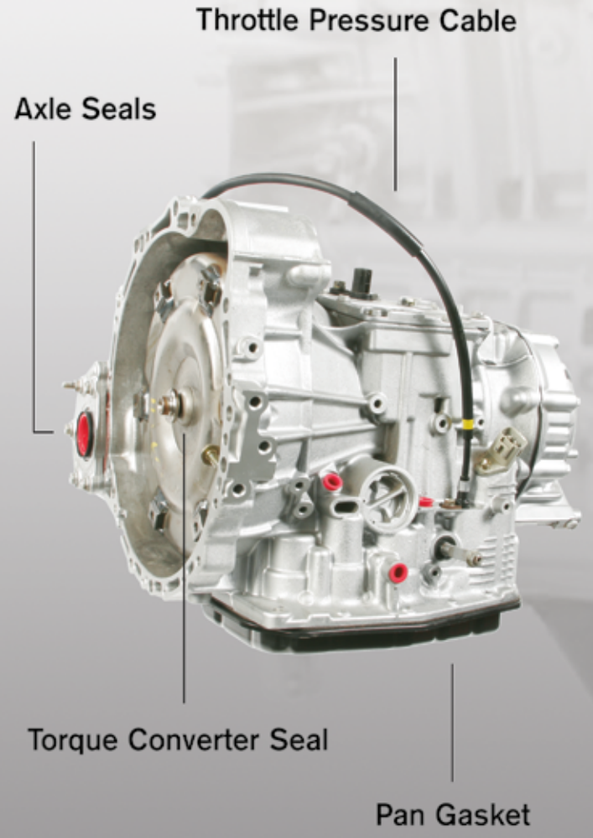
JARCO Powertrain components are either low-mileage, completely inspected and reconditioned used units, or remanufactured assemblies. Each and every product we sell is backed by the most trusted 12month/12K mile warranty in the automobile business.

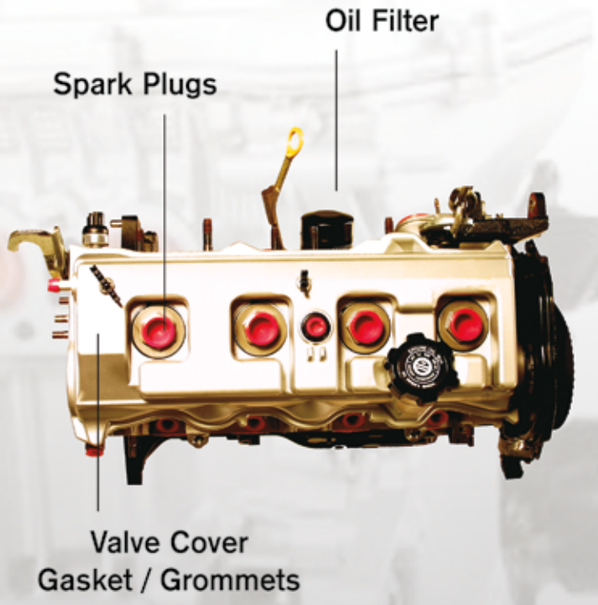
We remove your risk of purchasing a Used engine or transmission. Sourcing a JARCO product typically happens one of two ways:

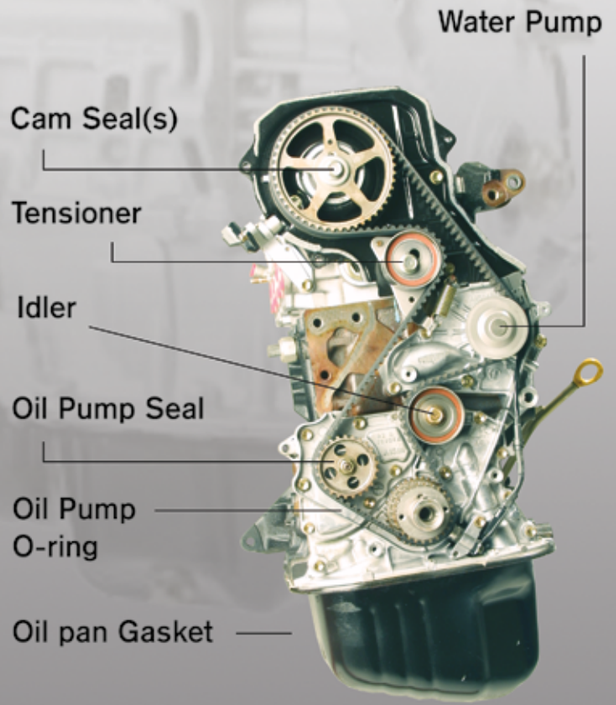
1. Acquire product from domestic salvage partners
2. Remanufacture the units in our U.S. Facility.

Our belief is we will not sell any product that we ourselves would not want installed into our own vehicle. It is for this reason that we pull valve covers and oil pans on engines, and pans and filters on transmissions; to be assured the internal condition of a unit meets our standards. Our associates install new Genuine maintenance parts to help a JARCO product last far beyond the warranty period. If your other vehicle systems and maintenance are kept in check, rest assured we have taken the precautions necessary to reduce the likelihood of a future component failure.

In addition to supplying Independent Toyota/Lexus Dealers nationwide, JARCO is an approved Independent Dealer vendor for extended warranty programs.

Manufacturer product improvements such as Technical Service Bulletins (TSBs) and Special Service Bulletins (SSBs) will be performed by JARCO technicians prior to departure, regardless of miles or age.






Every reconditioned product that we sell is fully compression tested, cleaned, painted, and reconditioned with the following New Genuine parts if applicable to the model:
